REGISTRATION INFORMATION

AUDITING CLASSES

Students wishing to audit a course must complete an Auditor Registration form and obtain both an advisor's and the instructor's signature. 'AU' should be written in the 'Credit' column. The auditor form must be submitted to the Registrar's Office before the last day to add/drop classes (Wednesday, January 25). The last day to change a previously registered course to an audit is Friday, January 27. Students who want to audit a class in Gaming must have the approval of the Dean of Academic Advising and Operations, Ann Dulany, before departure. The charge for auditing is the same as that for courses taken for credit. Financial aid cannot be used to cover an audit (part-time or over 18 credits). The professor reserves the right to require or restrict an auditor's participation in class discussions, examinations, laboratory work and other evaluation procedures. Auditors must attend classes according to the professor's attendance policy for auditors. Auditor students receive a grade of 'AUS', which confers no college credit. Withdrawal from an audited course will be indicated on a student's transcript by the symbol 'AUW'. Those who do not fulfill attendance obligations and have not formally withdrawn from the class will receive an 'AUU' on their transcripts.

CHANGE OF COURSE (ADD/DROP)

Consult your advisor before making any change of courses. Students may add/drop classes until Wednesday, January 25. After that time, a student who chooses not to take a course must withdraw. Course changes may be made online on The Port or at the Registrar's Office. Changes made at the Registrar's Office must be submitted on a registration form that is signed by an advisor.

CLOSED CLASSES

Beginning on the student's assigned registration start date through the end of the add/drop period, if a class the student needs is full, the student may contact the instructor to see if the instructor is willing to let them into the class. If so, the faculty will use The Port to grant the student access to register, giving the student the ability to register him/herself for the class.

COURSE WITHDRAWAL

Beginning Thursday, January 26 through Friday, March 31, a student who does not want to complete a course may choose to withdraw. Students who wish to withdraw from a course must email registrar@franciscan.edu and copy their instructor on the email. They must include their name, ID# and the course they wish to withdraw from in the email. Resident students withdrawing from all classes must also have the signature of the Director of Residence Life. A grade of withdrawal (W) will be indicated on the transcript. This grade is not calculated into the student's grade point average.

ONLINE COURSES

Franciscan University offers a limited selection of online courses throughout the year. During the fall and spring semesters, full-time on-ground undergraduate students with Sophomore, Junior or Senior status may take no more than 3 courses online in any one semester. Students with Freshman status are permitted to take 1 online class in their first semester.

REPEATING CLASSES

A student may repeat a course previously taken at the University. The last grade received will be used to compute the student's grade point average. A course that is retaken will count only once toward graduation requirements. The student's transcript will show both the original grade for the course and the grade earned when the course was repeated. If a student repeats a course at FUS that has been taken at another institution, the courses taken at the other college or university will be removed from the transcript.
